

SUCCESS STORY

CONSTRUCTION OF ALERT HOUSE FOR SWABURA NASANGA #149022771 /482

PROBLEM OVERVIEW:

Swabura Nasanga is an enrolled child aged 18 years old, she lives in Kihande 2 village with her parents, with her father is the bread earner in the family, and he is in the boda boda ridding business to support the family. However, during the routine home monitoring it was discovered that Swabura and her family members were in much tears after the landlord gave them only one month notice to vacate his house they had been renting for more than 15 years and after the month had lapsed, he throughout their belongings. the family had no were to go except to take shelter in their house which they had start constructing and had stopped at window level, Swabura and her other siblings were living in misery with the morning colds and harsh climate. The family was wondering how to get the money for the cement, timbers, and iron sheets to complete the house.

MACDEF intervened and supported the family to have part of the building completed for Swabura and her family in order to prevent Swabura and her siblings from diseases brought about by harsh weather such as Pneumonia and colds. The family is very happy and are so grateful to ChildFund through MACDEF for the support.

Swabura in her words *“I thank ChildFund and MACDEF for the sponsorship program that has enabled my family to be saved from the bad situation we were living in, I also thank all sponsors who support child in my community for their kind hearts to contribute towards the wellbeing of all children”*.
